Adhesive Tapes

Over 60 different lines of adhesive tape always available!

Please contact us with your exact requirements if you wish to place an order for custom printed vinyl, polypropylene and PVC tapes, as these have to be quoted for on an individual basis.

Type of Tape	Variations	Typical Uses
Standard packaging tapes	Brown & clear	Excellent for use with parcels.
Low noise packaging tapes	Brown & clear	Reduces the noise level from applying & removing the tape, ideal for in the office.
Vinyl packaging tapes	Brown & clear	Tear resistant low noise tape suitable for most general packaging requirements.
Printed tapes	Stock text (fragile handle with care, glass handle with care, this way up, contents checked and sealed, and 2 caution messages) and custom printed tapes	The stock text printed tapes come with pre-printed messages regarding handling, security and general information and as such have a wide variety of uses, including identifying which way up a parcel should be handled in transit or stored in a warehouse.
Glass fibre reinforced tapes	Reinforced cross weave and mono-filament	Exceptionally strong tape that can be used to secure and bundle palletised loads.

For further information please email us on sales@ipswich-packaging.com or call us on **01473 613359** or fax **01473 613357** .

Paper Products

Ipswich Packaging offers a **vast** range of paper products.

Type of Paper	Typical Uses
Acid free tissue paper	Widely used for retail gift-wrapping of items such as silver and chrome without attacking polish. Ideal for gift-wrapping.
Kraft Union waterproof paper	Waterproof paper for lining cases and export packing.
Kraft wrapping paper	For wrapping parcels in conjunction with polypropylene twine.
Waxed Kraft paper	For dealing with oily and greasy products such as lightweight auto parts.

Kraft paper (counter roll) dispensers are available in various sizes from our warehouse.

For further information please email us on sales@ipswich-packaging.com or call us on **01473 613359** or fax **01473 613357** .

Type of Polythene Bag	Typical Uses
Light duty polythene bags	Light duty clear polythene bags ideal for carrying light goods and for using as covers.
Medium duty polythene bags	Medium duty clear polythene bags suitable for carrying heavier goods, for example a workmen's helmet.
Heavy duty polythene bags	Heavy duty clear polythene bags of industrial strength. Ideal for storing and keeping tidy heavy tradesmen's goods such as nuts, bolts and gravel.
Plain grip seal bags	Clear resealable grip seal bags idea for keeping an office, shop or home tidy. Clear away business cards, tacks videos and much more! These bags can be used time and time again and you can see what you have stored away.
Grip seal panel bags	Resealable grip seal bags with panels for easy identification of what you have stored away. Can also be used to include date packed away, who packed it and any other important details. Can be used time and time.
Grip seal heavyweight bags	Clear heavyweight grip seal bags for heavy items.
Stock carrier bags	Standard carrier bags for everyday use such as clothing and lightweight general shopping. many colours, designed to your specific requirements

Ipswich Packaging also specialises in supplying custom printed polythene and paper bags of all types and sizes.

For more details of our custom printed ranges, including some sample images of bags already supplied by Ipswich Packaging please email us on sales@ipswich-packaging.com or call us on **01473 613359** or fax **01473 613357** .

Polythene Products

Type of Polythene Products	Variations	Product detail & typical uses
Standard refuse sacks	Black, red, yellow, blue & green	For normal household, garden, office, clinical, charity collection sacks and lightweight industrial rubbish.
Builders refuse sacks	Black, Blue etc.	Stronger sacks suitable for aggregate and other building waste.
Asbestos Warning sacks	Red & clear	By law asbestos refuse has to be disposed in a printed refuse sack i.e. printed warning and double wrapped in a red sack inside a clear sack.
Pallet wrap stretch films	Standard and mini wrap	Standard pallet wrap stretch films to protect palletised goods in transit. Mini wrap does the same for small sized goods and will secure and hold together almost anything whilst not sticking to the products itself.
Shrink quality pallet covers	Any size	For protecting products stored on pallets. Ideal for warehouse and outside storage. Can be used in conjunction with a shrink gun.
Lay flat tubing		Cut to fit protection for long length items such as pipes and tubes. Can be sealed using an impulse sealer to create the size of bag you require.

All machines and tools required to use the polythene products are available from our warehouse. If you cannot find what you require please contact us and we will be more than happy to quote you.

For further information please email us on sales@ipswich-packaging.com or call us on **01473 613359** or fax **01473 613357** .

Protective Products

Type of protective products	Variations	Product details & typical uses
Bubble bags	Normal & anti-static bubble bags	Lightweight, cost effective, clean bubble bags with a self seal closure to offer a fast and convenient method of packaging products that need that extra bit of cushioning such as CDs, and pictures. The anti-static bags are widely used in the electronics and computer industry.
Bubble wrap	Normal & anti-static bubble wrap. Various widths, 500mm, 900mm, etc.	Bubble wrap provides flexible and shockproof cushioning for delicate items to help prevent breakages. Lightweight to keep delivery costs to a minimum.

For further information please email us on sales@ipswich-packaging.com or call us on **01473 613359** or fax **01473 613357** .

Postal Products

Please contact us with your exact requirements if you wish to place an order for custom printed and plain documents enclosed envelopes and polythene mailing envelopes as these have to be quoted for on an individual basis.

Type of postal product	Variations	Product detail & typical uses
Postal bags	Mail Lite gold or white postal bags available in 10 different sizes.	Practical postal bags that offer greater strength as they are puncture resistant and highly durable. They have a self seal strip to save time when packing high quantities and are lightweight to save money on posting. Used for fragile and/or breakable items.
Polythene mailing envelopes	Clear or clear with white write on panel. Available in various sizes.	Polythene mailing envelopes with self seal tamper evident closure. Widely used by publishers for magazines and brochures and also generally for price lists, catalogues and mail order. The mailers can be stamped, franked or have a pre-paid instruction.
Grey opaque polythene mailing envelopes	7 sizes available.	Grey opaque polythene mailing envelopes with self seal tamper evident closure. The mailers are strong, high puncture resistant fully waterproof and are 100% recyclable. Opaque" mailers are ideal for sending items such as clothing and confidential documents which require more security than that found with a clear mailing envelope.

For further information please email us on sales@ipswich-packaging.com or call us on **01473 613359** or fax **01473 613357** .

Twine

We stock polypropylene and sisal twine. Polypropylene twine is ideal for tying up parcels. Our sisal twine is made from 100% natural fibres and as well as being suitable for parcels is widely used by many for handicraft projects. Both twines are available in large reels for extra economy and we offer discounts for higher volume purchases.
